Thank you very much for your letter of January 31st. I am delighted to learn that you and Mrs. Lederberg and your colleague Dr. Crow will abstract the AMERICAN JOURNAL OF HUMAN GENETICS and the ZEITSCHRIFT FUR INDUKTIVE ABSTAMMUNGS- UND VERERBUNGSLEHRE. We are marking our records accordingly.

We would like to receive abstracts of all original articles contributing to biological research. Enclosed is a form letter containing a few suggestions and sample abstracts, featuring our editorial policies. Necessary supplies are being sent you under separate cover.

Will you please begin your coverage of the AMERICAN journal with the first issue published. The last issue we covered of the ZEITSCHRIFT was Volume 83, issue 1, 1949, hence abstracts from any subsequent issues of this journal will be appreciated.

If any questions arise, please do not hesitate to let us know.

Sincerely,

G. W. Walls.
